MONDAY DECEMBER 6 PROTEST: In commemoration of [little Willemientjie \[Willemien Potgieter. Ed.\]](#) of Lindley and the thousands of farmers murdered since 1994 we ask that all “gatvol” people block the traffic in all towns tomorrow by driving slowly, “break-downs” and paying toll with small change. If you go to either Koster or Lindley, please arm yourself responsibly, even if it’s with a baseball bat.
