

On [17 February 2011](#) , at Paardekraal (Krugersdorp), at the meeting of the Volksraad Verkiesing Kommissie (VVK, in English: “Electoral Commission for the Election of a Boer-Afrikaner People’s Assembly”) - during which occurred some clashes and the Boer patriot [Piet “Skiet” Rudolph has been arrested](#)

by the police of the [capitalist-communist](#)

empire that rules over southern Africa - was also present Jaco Mulder, Provincial Leader of the [Vryheidsfront Plus \(VF +, in English: Freedom Front Plus, FF+\)](#)

for the Gauteng (name given by Empire to a small area including the cities of Pretoria and Johannesburg).

What was he doing, at a meeting of Boer independentists (if a meeting of Boer independentists was), the representative of a political party that, since its foundation, sits in the parliament of the Empire, and whose national leader (Dr. Pieter Mulder) is even a deputy minister of the Empire? On these days, many people have spoken about clashes caused by “agents provocateurs”. Surely, a meeting of Boer independentists (if a meeting of Boer independentists was), will not see the Boer patriots as enemies. But it will see as enemies all those Afrikaners that sold themselves to Empire. Starting with Afrikaners of VF+.

Jaco Mulder, interviewed after the clashes, said: “It surprised me that [Piet Rudolph](#) is still at large, because he causes trouble wherever he goes.” Only someone who is on the Empire’s side may seeks jail for a Boer patriot. But Jaco Mulder are right about one thing: Piet “Skiet” Rudolph always causes trouble, to the Empire that rules over southern Africa. While others, such as VF+, serve it and take profit from that.

**Here there are some photos of Piet “Skiet” Rudolph and Jaco Mulder.
Look the differences**

and others who were part of the party, but he did not see them at the time. On the other side of Africa.
