

On 30 November 2012, in Geneva, Switzerland, came to an end the 11th General Assembly of UNPO (Unrepresented Nations and People Organization).

The UNPO, despite the [protests of the Boers](#) , includes among his representatives the “Afrikaners” ([with reference to all Afrikaans-speaking whites](#)), that are not a volk, and not the Boers, who instead are.

The fact that white Afrikaners have obtained representation at UNPO misusing the history; the [flags](#) ; and the martyrs of the Boer volk; isn't only a theft, but an act of [Boer Genocide](#) , because to steal a volk of his identity is an act of genocide.

The white Afrikaners are represented at UNPO by [Vryheidsfront Plus \(VF+ / Freedom Front](#)

[Plus, FF+](#)), the Afrikaner party that collaborates with the Empire of the “new” RSA, that Empire that VF+ [has helped to create](#)

.
In 2011 also the [Volksraad Verkiesing Kommissie \(VVK\)](#), the Electoral Commission of white Afrikaners, [was hosted by UNPO](#).
The “white Afrikaners” representative is illegal, because only the Boer may represent the Boer, in South Africa and at international level, not the “white Afrikaners” nor the “South Africans”.
The Boers have already had their [internationally recognized Republics](#), and in [1995](#) asked the UN [recognition as indigenous people](#) r

.
The UNPO, during his last meeting, unanimously accepted a motion of VF+, in which he concern about the discrimination in South Africa against minority groups, and recommend the UN to send a mission to South Africa in order to understand the situation with regard to farm murders.

“Discrimination against minorities” and “farm murders” are concepts that serve only to conceal the truth: the [White Genocide in southern Africa](#).

To pass the White Genocide in South Africa for something else will certainly not help to stop it.

The VF+ was represented in Geneva by his leader, Dr. Pieter Mulder.

Dr. Pieter Mulder in 1994 was elected to the parliament of the Empire of the “new” RSA and since 2009 Deputy Agriculture Minister in the imperial government.

That a member of the South African imperial government represent a supposed “volk” prisoner of the same Empire, although serious, is so absurd as to be grotesque.
